### LIMITED WARRANTY

Kuryakyn warrants that any Kuryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

### THANK YOU FOR CHOOSING KÜRYAKYN!

- Kuryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
- The product must be properly installed, maintained and operated under normal conditions.

**IN ORDER TO PROTECT YOU AND OTHERS FROM POSSIBLE INJURY AND/OR PROPERTY DAMAGE OR LOSS, PLEASE PAY CLOSE ATTENTION TO ALL INSTRUCTIONS, WARNINGS, CAUTIONS AND ATTENTION NOTES REGARDING THE USE AND CARE OF THIS PRODUCT.**

- Kuryakyn makes no warranty, expressed or implied, with respect to any gold plated products.

**WARNING!** THIS INDICATION ALERTS YOU TO THE FACT THAT IGNORING THE CONTENTS DESCRIBED HEREIN CAN RESULT IN POTENTIAL DEATH OR SERIOUS INJURY.

- Kuryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Kuryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Kuryakyn and a customer.

**CAUTION!** This indication alerts you to the fact that ignoring the contents described herein can result in potential injury or material damage.

- Kuryakyn products are often intended for use in specific applications. Kuryakyn makes no warranty if a Kuryakyn product is used in applications other than intended.

**ATTENTION!** This indication alerts you to the fact that ignoring the contents described herein may negatively affect product performance and functionality.

- Kuryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. Components of Kuryakyn products containing L.E.D.s will be warranted for defects in materials and workmanship for 3 years from the date of purchase.

### TOOLS SUGGESTED

Set of hex wrenches, masking tape, and a marker or pen

- Kuryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Kuryakyn. Kuryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

**STRICTLY OBSERVE THE FOLLOWING GUIDELINES IN ORDER TO USE THE PRODUCT PROPERLY AND AVOID POTENTIALLY DANGEROUS ACCIDENTS.**

### ABOUT OUR CATALOG

You'll find all our innovations for H-D, GL and Metric Cruisers in our annual catalogs. Order online today—select the "CATALOGS" icon. Each Kuryakyn® product comes with a Proof-of-Purchase good for a complimentary catalog. Details in packaging.

### PROCEDURE

**STEP 1** Read and understand all steps in the instructions before starting the installation. Park the motorcycle on a hard, level surface and turn off the ignition.

Be sure to ask your local dealer about other Kuryakyn® products, the motorcycle parts and accessories designed for riders by riders.

**STEP 2** Place masking tape on the top (painted) surface of the tour pak in the location of the luggage rack legs to prevent scratching. See PIC 1.

-cont.-

**STEP 3** Set the luggage rack in position on top of the tour box, with the legs resting on the masking taped areas. While holding the rack centered where you want it, trace the location of the legs on to the masking tape. Carefully mark the very center of your tracings.

**STEP 4** Double check to be certain the rack is centered in the position you desire. Carefully drill a 1/4" hole at the center of the marked locations. (Hint: You may want to drill a smaller diameter pilot hole first. This will lessen the chance of the drill "walking" and harming the finish. While drilling the rear holes, try to match the angle of the rear mounting legs.)

**STEP 5** Mount the front half of the luggage rack first. Remove the masking tape from around the two front holes. From the underside of the lid, insert a 1/4-20x1 screw with a flat washer and a rubber washer (rubber washer against the underside of the lid). On the top side, place a rubber washer, then a concave foot washer over the protruding screw and thread the screw in the luggage rack. Do this for both the front mounts. Keep these screws loose to allow easier mounting of the rear portion of the luggage rack. See PIC 2.

**STEP 6** To mount the rear portion of the luggage rack, remove the masking tape from the two rear holes. Using the same operation from the previous step, mount the rear portion of the rack. Tighten both the front and the rear bolts of the luggage rack. (Be sure not to over tighten the screws, damage to the lid will occur)

**CAUTION!** Never exceed the manufacturer's recommended load capacity. Excess loading on the luggage rack could cause damage to your motorcycle, loss or injury. Küryakyn is not responsible for any damage, loss, or injury caused by exceeding the manufacturer's load capacity.

**ATTENTION!** This procedure requires making permanent modifications to the bikes tour pak; this may void your warranty. Consult your dealer for more warranty information.

*Ride On!*
